

Anne of Green Gables by L.M. Montgomery **is Miss Heaps's favourite book.**

Anne is such a funny character and she gets into all sorts of mischief. She is strong, determined and kind but makes lots of mistakes. I loved reading about her as a little girl and finding out about how she grew up and changed. There are lots of other books in the series too. It is a book that I read again and again as a child ... and again as a grown-up!

I really liked the ending because it was very heart-warming.
