

Week 2 - Year 5 French Homework

Week Beginning 7/6/20

Salut Year 5, Ça va? I hope you are doing well.

How did you get on with the French we did last week? Remember, we were practising numbers up to 100 and using a dictionary to look up words in French for things you can buy in different shops.

This week we will be looking at **prepositions** - do you remember what those are in English?

1. What is a preposition?

It tells you where something is in relation to something else.

eg. The juicy, red apple was **on** the book.

The old cat was asleep **under** the duvet.

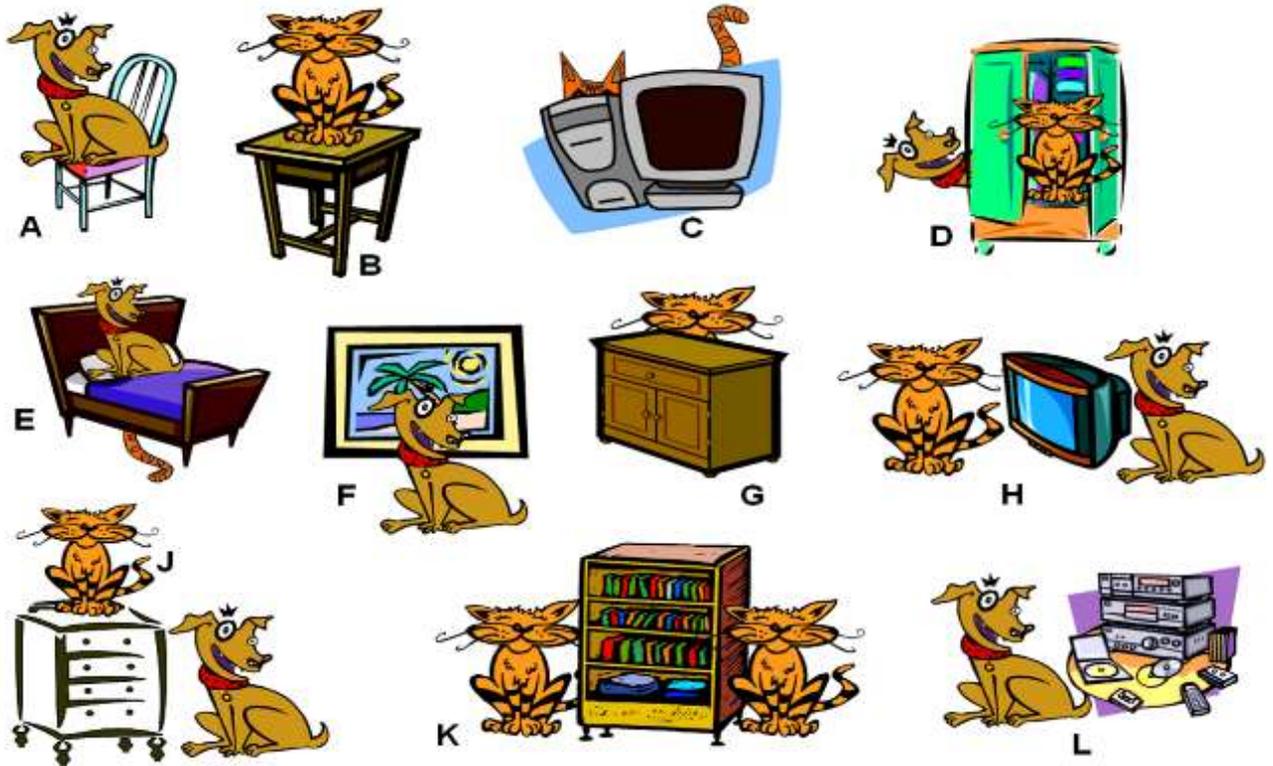

Can you make a list **in English** of as many prepositions as you can think of. I'll give you 2 minutes. **Go!**

Here is a link to an online stop-watch, if you need it:

2. These pictures might help to jog your memory:

Can you identify these prepositions of place?
(in English)

Où est le chat?
Où est le chien?

Where is the cat?
Where is the dog?

Make a list:

A = on

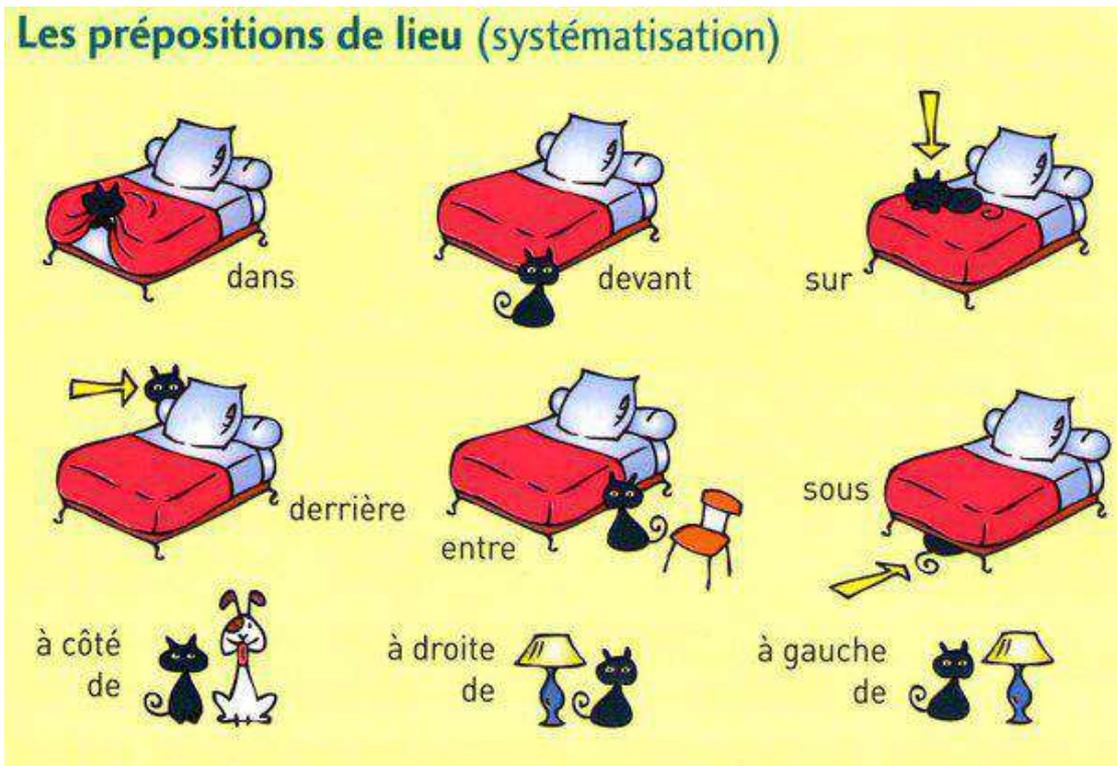

B =

Preposition in French is almost the same word!

une préposition de lieu - a preposition of place

- It is a **feminine noun**.

3.

Here are a few prepositions:

dans in / inside

devant in front of

sur on

derrière behind

entre between

sous under

à côté de next to

à gauche de to the left of

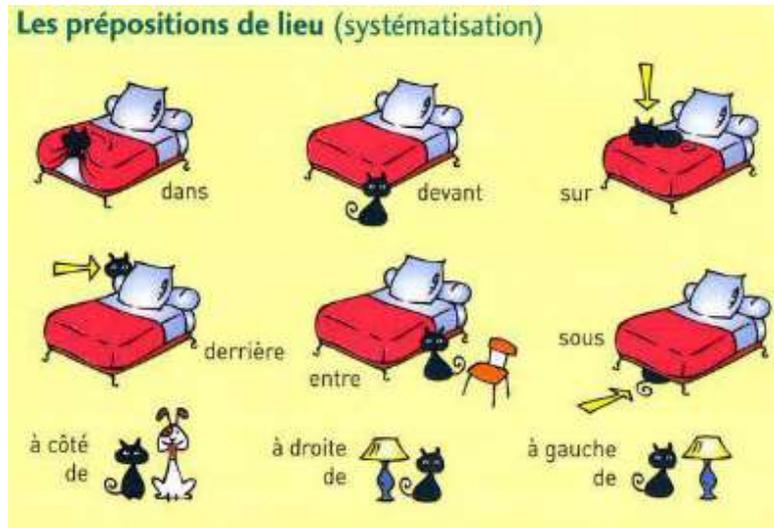

à droite de to the right of

Où est le chat? Where is the cat?

Le chat est **dans** le lit. (dans = in)

The cat is **in** the bed.

Write a sentence in French to go with each picture, using the appropriate preposition:

Le chat est ...

The cat is ...

4. Now let's take a Tour of Paris:

Your last task is to watch the video and listen out for all the prepositions in French.

Jot down as many as you can.

Bonne chance, good luck,
