

### **A Message From Mrs Crossman - 2<sup>nd</sup> October 2020**

Thank you for all of your messages of support this week. We are pleased to report that we have had no further positive cases within the school and the children and staff who have been self-isolating are well and able to return to school on Monday.

This week has been a test of our procedures. Over a weekend period the notification of a positive case was received, reported, advice taken, a plan for staffing within the restricted bubble groups put into place and work started on the provision of home learning for this week's work. The first content was delivered by 10.30am on Day 1 and by Wednesday learning via Microsoft Teams was in place.

These are difficult times, we do not know what is ahead but we do know that our safety measures and precautions are holding up and our school community are pulling together to give the best school experience we can.

Have a good weekend

Tonia Crossman
